

HARSHITH KUMAR A

ABOUT ME

Experienced Frontend Developer Specializing in React Library and API Integration

Dedicated and results-driven frontend developer with 8 months of hands-on experience in leveraging React library to create dynamic and responsive user interfaces. Proficient in crafting seamless user experiences through effective UI design and implementing CRUD (Create, Read, Update, Delete) operations to ensure smooth data management.

WORK EXPERIENCE

● Sept 2023 - Present

Pixalive Research and Development Pvt limited

● REACTJS DEVELOPER

Roles And Responsivity:

- Developed user interfaces using React.js to create dynamic and responsive web applications.
- Implemented front-end features and components with a focus on user experience and performance
- Integrated front-end with back-end services using GET, POST, UPDATE, and DELETE operations.
- Debugged and optimized code to enhance application performance and user experience.
- Utilized version control systems (Git) for efficient project management and collaboration
- Participated in code reviews to maintain code quality and consistency across the team

● Designation – Junior Software Developer

Roles And Responsivity:

Frontend Development

- ReactJS: Leveraging React's component-based architecture for a scalable and maintainable front-end.
- Bootstrap: Ensuring responsive and aesthetically pleasing design across various devices.

Backend Integration

- API Integration: Utilizing GET APIs to fetch data from the backend database
- Dynamic Data Handling: Real-time data updates for a seamless user experience.

Database Management

- Storing and managing vast amounts of school-related data efficiently.
- Ensuring data integrity and security.

User Authentication

- Secure login system with different access levels.
- Protection against unauthorized access.
